

WESTERN ARCHRIB PROJECTS

GULF ISLANDS OPERATIONS CENTRE

Sidney, BC

Inspired by the pristine shoreline of Vancouver Island, the Operation Centre for the Gulf Islands National Park Reserve holds the distinction of being Canada's first LEED® Platinum building. An administrative and operations hub for the National Park Reserve, the centre offers expansive views of the archipelago and features materials native to the west coast including Douglas Fir Glulam.

→ More than 27% of building materials were manufactured from recycled materials.
